Press Release: Opening Art Reception: Wed., March 8th 6-9pm

One Art Space is proud to present the International Women's Day Art Fair in honor of International Women's Day, celebrated each year on March 8th.

International Women's Day first began in New York City in 1911 and has historically been utilized to call attention to the many hardships and oppressions faced by women throughout the world. The Suffragettes founded International Women's Day to unite and empower women in their fight for equality and to this day, it continues to inspire individuals to persevere in the face of adversity, celebrate powerful women, and organize direct action to further our progress as a society towards the abolishment of gender inequality.

We support the modern day Suffragettes of the International Women's Day Campaign in promoting this holiday and their ten core values of justice, dignity, hope, equality, collaboration, tenacity, appreciation, respect, empathy, and forgiveness.

This year, we celebrate by presenting an exhibition in honor of the monumental achievements of women throughout history. The International Women's Day Art Fair features a diverse, international collection of talented, female-identifying artists of varying ages. Join us on Wednesday, March 8th from 6-9pm to celebrate with art, wine, and live music.
